

TESTIMONIALS

Iowa Career Connection has relied on NSA for over 10 years to support contract solutions for our clients. The NSA Team does a stellar job, and we continue to rely on them for prompt and accurate service.

I am happy to recommend NSA for contract staffing support!

YOUR ULTIMATE HR SOLUTION

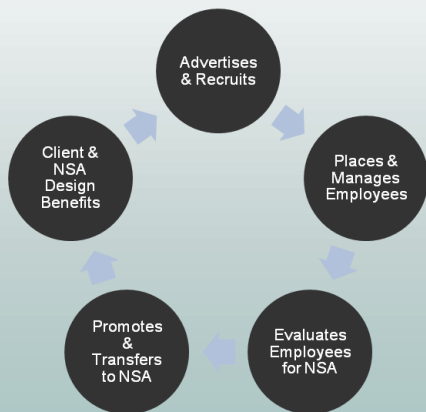

ABOUT NSA

Established in 1992, National Staffing Alternatives, Inc. (NSA) is your source for alternative staffing services. Headquartered in Lima, OH, we provide professional contracting and leasing services in a variety of business settings throughout the United States. NSA can become the "Employer of Record" from an HR perspective for employees at your business locations.

OUR SERVICES

Contracting – A contracted employee would be fulfilling short term and/or long term projects typically in a white collar environment such as IT and engineering positions. Avoid the long-term employment costs!

Leasing – As a leased employee, it must be the employer's *intent* to permanently keep the position/employee in order to qualify for this program. This concept allows businesses to attract and retain talented employees, as well as provide affordable benefits.

WHY NSA?

Whether you are a small, medium or large-sized organization, businesses today need assistance in managing and retaining their employees. As NSA, we can significantly decrease your workload by acting as your HR department! We have the ability to assume all payroll processing such as, but not limited to the preparation of W-2s, paying and reporting all payroll taxes, processing workers' compensation claims and more for your contracted or leased employees.

We are dedicated to creating customized cost effective and efficient solutions that will assist your organization with employee-related challenges, allowing your Executives to focus more on their core responsibilities!

EMPLOYEE BENEFITS

- Long term positions/Job security
- Competitive Benefits & Salary Package, including:
